

Successfull in business for more than a quarter of a century

At Multi Support we have been successfull in business since 1986, and plan for an even more successful future. For us a financial solid platform is just as important as our technology platform – Next. During the last two financial years we have successfully reorganized the group into a strong unified ownership. In 2014/2015 we launched an ambitious strategy plan “Best in Class by 2020”. 4 x bigger. 5 x better. In 6 x 12 months. Making us the Best Smart Process Application provider – for the businesses we serve.
